# About Yorkshire Radiators

---

Whether you are replacing an old white panel radiator or looking for something new and modern, Yorkshire Radiators have made it easy for you to choose and get the look you desire.

Our aim is to supply attractively finished radiators, that offer both great heat output as well as affordability.

Yorkshire Radiators have years of experience in the procurement, development and delivery of radiators in the UK.

Our Autumn 2022 range contains our four standard 4 modern finishes, Gloss White, Anthracite, Silver and Sandstone, as well as three new colours: Cast Iron, Ironstone and Brushed Gold.

We hope you like our range...

This modern looking, double panel radiator not only looks stunning, but provides great heat output to boot.

It comes in both Vertical (Kingstone) and Horizontal (Malton) models...

MODERN

## Richmond Range

Kingstone sizes range from 1800 & 1500 in Height and in 3 widths, 300, 452 and 605mm.

These are great for Kitchens and other places where floor space is tight but good heating is required.

# RICHMOND

MODERN

York column radiators look great in Livingrooms and bedrooms.

They are ideal for those looking to change radiators, but not wanting to move pipe work.

## York Range

Colours can be individually chosen and can include Gold, Brass, Bronze, Copper and Cast Iron, which give an Old Worldly feel to any room...

A wide variety of sizes is available and is designed to be able to hit almost any pipe center. Sizes in width are from 650mm to 1600 mm and in heights 600 and 450mm. Believed to be the best priced column radiator on the market - our York range will not let you down when it comes to designer value.

YORK

MODERN

## Whitby Range

Very close fitting to the wall, this slimline double panel only protrudes 8cm off the wall which makes it sleek and elegant radiator.

An absolute showstopper, this radiator looks great in light pastel's and off whites...

The Oval profiles of the Whitby give you a traditional and modern look - all in one...

The Whitby Range comes in a wide variety of sizes and heights. This radiator is a must for any modern home renovation project.
